

Boulevard Heights Elementary School – Cliff Berry, Inc. Worksite Visit

Keeping the Environment Clean is Work

Kids and the Power of Work (KAPOW)

Cliff Berry, Inc. hosted 3rd graders from Boulevard Heights Elementary in Hollywood, FL for a Kids and the Power of Work - KAPOW worksite visit. KAPOW is a national network of business and elementary school partnerships which introduces students to career awareness through professionally designed lessons taught by business volunteers in the classroom and visits to work sites. KAPOW in South Florida is an affiliate of the national network of partnerships developed by the National Child Labor Committee (NCLC.)

This year, CBI's 4th year running, the kids rotated through five departments in the organization, Environmental Services, Safety, Accounting, IT, and Commercial Operations, to get a an idea of the work involved in keeping the environment clean. Learning to budget their finances, keeping safe in the workplace, taking apart computers, and climbing the trucks (and blowing the horns,) are some of the activities the children participated in. Daniel Forehand, CHMM, the CBI employee who works with two third grade classes at Boulevard Heights elementary says he loves watching their eyes as the lesson becomes part of the students in the classroom while he teaches. "Seeing the students as they realize what they study in class, really does apply to them, and hearing it from real people in a real work place, is magical."
